**SPECIFICATIONS FOR SUPPLY OF MISCELLANEOUS PAINT
SUNDRIES AND INTERIOR AND EXTERIOR PAINT
FOR THE CITY OF BIRMINGHAM**

GENERAL:

The City of Birmingham is seeking bids for an annual contract for the supply of miscellaneous paint sundries and interior and exterior paint. The basis of the bid shall consist primarily of any and all first line, first quality paint sundries and paint which the City may require during the life of the contract. The City intends to award on a line item basis for the miscellaneous paint sundries and on a group basis for the interior and exterior paint, to the lowest priced, responsive, responsible bidder. Bidders are not required to bid all line items for miscellaneous paint sundries and may bid only items of interest, but are required to bid on an entire group under the interior and exterior paint.

The proposed contract shall extend for a minimum time frame of one (1) year, with a month-to-month extension thereafter, at the prices originally bid, upon mutual agreement of both parties. This extension phase is not to exceed twenty-four (24) months. Prior to the end of the initial contract year or during any extension phase of this contract, the successful bidder(s) shall give the City an advanced thirty (30) days written notice if they wish to terminate the contract.

During the extension phase of the contract should any product bid have a manufacturer's price increase which applies across the board to all sales of the product, the City shall allow the bidder to increase the bid price by the exact dollar amount of the manufacturer's price increase. Bidder must provide to the City printed documentation from the manufacturer of any such price increase at least thirty (30) days prior to implementing any increase in price. No increase in price shall be allowed during the first twelve (12) months of the contract.

Failure to adhere to any or all terms, conditions, and specifications as set forth in the contract may result in the immediate termination of the contract. Should termination occur, the holder of the contract may be declared a "non-responsible vendor". This declaration may result in the rejection of any future bids submitted by the vendor for a period of time to be determined by the City.

The City of Birmingham does not anticipate utilization of a long, formal, written contract document to bind the City and the successful bidder to an agreement. The City will issue purchase orders to the successful bidder(s) as material is required. The successful bidder(s) acknowledges by acceptance of City purchase orders for awarded items that the bidder(s) is/are bound to the terms, conditions and requirements as stated in this document.

Each bidder is to extend unit prices and provide an extended total for each line item being bid. If the extended totals of all items being bid exceeds \$10,000.00, a bid bond, a cashier's check, or certified check in the amount of \$500.00 is required to accompany your bid. In order for any bid award to be made that exceeds \$10,000.00 your bid must have been accompanied by an acceptable bid bond or check (REFERENCE COVER LETTER OF "INVITATION TO BID")

Successful bidder shall not assign this contract to any other party without prior written approval of the City of Birmingham. Contract shall not be assigned to an unsuccessful bidder who was rejected because he was not a responsive or responsible bidder.

The City reserves the right to cancel the contract, in whole or part, and seek new bids at any time the City determines that the item(s) or product line(s) being supplied is/are failing to perform satisfactorily.

The contract shall become effective from the date noted in the Notification of Award letter, which will be mailed to the successful vendor(s).

Any bid that imposes a service fee or any other type of fee on any order not exceeding a minimum order quantity or minimum purchase order dollar amount, will be determined a non-responsive bid and will not be considered for award.

Any bid that stipulates a reversal of freight charges if a minimum quantity or purchase order amount is not ordered, will be determined a non-responsive bid and will not be considered for award.

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Agent as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Contract award to purchase the materials covered in this bid document shall be construed under and governed by the laws of the State of Alabama and each party hereto irrevocably agrees to be subject to the jurisdictions of the courts of the State of Alabama.

Should other painting sundries currently not shown on the bid form be required during the life of the contract, the City reserves the right to seek verbal bids from only the responsive respondents of this Invitation to Bid, and to make an award of these additional items to the lowest responsive, responsible bidder(s) for the remaining life of this contract.

The City may require samples of any product before an award is made. Any samples requested must be made available to the City within seventy-two (72) hours of request. Failure to provide the samples within this time frame will result in the rejection of the products from award consideration. Said samples will be a factor in evaluation of bids.

Bidders are to supply with their bid, detailed printed literature on **all** products offered for consideration along with printed warranty statement. Failure supply requested information could result in the rejection of the bid.

Successful bidder acknowledges and agrees that the City has the right to deduct from total amount of consideration to be paid, if any, to the successful bidder under this agreement all unpaid, delinquent, or overdue license fees, taxes, fines, penalties and other amounts due the City from the successful bidder.

The City of Birmingham must have a copy of the successful bidder's current City of Birmingham business license prior to formal award of contract. Each bidder may submit a copy of his/her license along with his/her bid. However, bidders must provide a copy of his/her current business license no later than seven (7) working days of receipt of notice of intent to award. Failure to submit the requested information will result in the notice of intent to award being revoked.

The City's standard payment terms are net 30 days from acceptance. Exception may be allowed for discounted early payment such as 2%-10, net 30 days. **The City will not consider any bids requiring C.O.D. payments.**

Bidders are to bid items exactly as specified on the Bid Form. Any exceptions should be noted in the appropriate space on the Bid Form. Failure to note exceptions could result in the rejection of the bid. Bid no less quality than the item specifications listed in the Bid Form.
