DIRECTOR

STORM SEWER SYSTEM CERTIFICATION

I, _____, a licensed civil engineer in the State of Alabama, certify that the plans provide for proper drainage of the project according to sound engineering principles; all portions of the on-site storm sewer system empty into existing natural drainways or storm sewers; the capacity of each such drainway or storm sewer is not exceeded by the system designed; and the post-development runoff does not exceed the pre-development runoff.

Project Name: _____

Signature of Licensed Individual

License No. _____ Date: _____

Note: If you are unwilling to sign this certification as is, please provide this office with a letter addressing pre-development vs. post-development storm water runoff for the site.
